The Ons Plek Vision

That female street children will be successfully re-united with their families and that failing that, they will be sufficiently empowered at Ons Plek Projects to grow into healthy, independent functioning members of society.

The children at risk of becoming street children will use our interventions to keep them as constructive members of society.

That children living in communities with their parents who are at risk of becoming street children will be enabled to remain in school and with their families.

Mission Statement

Ons Plek Projects has a simple yet passionate mission:

To make a substantive improvement in the lives of female street children and to prevent children at risk of becoming street children from doing so.

Ons Plek Projects provides places where children find opportunities to build their lives and their self-esteem. Places where a sense of belonging helps them to take responsibility for themselves and for others.

The preparation for the future lives of each child takes into account the innate potential of the individual within the realities of her life circumstances.

These realities are mirrored in all aspects of our projects which enables us to model coping mechanisms; children participate fully in decisions about their lives; residential staff members share the lives of the girls; office staff members make do in cramped quarters with only the essentials for the job; and our community projects model how a lot can be done by dedicated staff members with few resources.
