Dear: onsplek

My name is: [REDACTED], I am 18 years old, I live in onsplek a safe house for girls.

What have I achieved: 2024

I have achieved becoming a prefect in school and that was one of my goals.

I should first finish with school because that is the important in my life.

to not worry what people say about you because they are not better than (these) others and that will never bring me down because I am a strong girl. How I play my year with measurable results that has seen me achieve an average of 92%.

My goals 2025

is to start fresh with my family, go to college and succeed so I can be the first person in my family that finished school. to work more hard on my school work and to be more confident in myself.

was to be a better person for who I am today. To spend more time with my family and to take care of myself, I want to be an independent woman, I want to depend on myself and not on my family or onsplek.  
To onsplek

I want to say thank you for helping me and my family through what we went through and for always being there when my family needed help.
