Plek Projects wish all
our readers a blessed and
peaceful Christmas and a safe
and * prosperous * New * Year

* * * * *

Ingrid: I made a mess always running away from my school. I gotta a second chance cos Bridging School helps me catch up. Next year Ons Plek will send me to real school again. My special thanks to my socila worker. She understands every situation of my life.

Vuyo: I told Ons Plek about my sister at home. She must also come to Ons Plek, she's not safe. And then one day they surprise me, she was just arrive with the social worker! I can stopped to worry.

MIchelle: I'm grateful I had food and a safe place. I could change my life and go back to school. I love the activities here. Best is my family got help and I am going back soon. I will miss my turn to have a birthday cake and a party like the other children I saw. But I miss my family so much!
